Subject: Fairways Office and Industrial Park Sewage Plant Draft BAR

Dear Johan

The abovementioned application has been reviewed and tabled before the IEM Committee of EKZNW.

EKZNW is satisfied that the proposed development should not result in significant impacts upon local biodiversity.

EKZNW endorses the recommendations made by you as the EAP (Executive Summary, final paragraph of pg 4) and the standard mitigation letter of comment for the Fairways Office and Industrial Park (submitted to DAEA on 4 February 2008, CC to Lynne Matthews of Indiflora).

Please do not hesitate to contact us should any biodiversity related issues or queries arise. Please inform EKZNW should this development proposal change; if so EKZNW reserves the right to comment further.

Please acknowledge receipt of this comment.

This form of email commentary for 'letters of no concern' has been endorsed by the KZN DAEA.

Kind regards
Clinton
